### Rulers:

- 3" petal pal keychain with accompanying 1" circle. (<https://cabininthewoodsquilters.com/store/#!/3-Petal-Pal-Keychain/p/65461778>)
- Quilting ruler for squaring up fabric

### Fabric Requirements:

See background measurements below based on the project desired. Applique fabrics should be auditioned from your scraps. How much fabric is needed will depend on your creativity. The project in our video used a 6 1/2" x 9 1/2" background, 5 green petals, 5 red petals, 1" yellow circle, and batting and backing at least 7 x 10. Additional 2 1/4" binding strip used.

### PROJECTS:

- **Small** - Small tabletop quilt rack or mug rug - Approximately 4 x 9 (my mug rug was 6 x 9)
- **Medium** - 12 x 14 tabletop quilt rack or 12 x 12 square hot mat or table topper
- **Large** - 18 x 14 extra large tabletop quilt rack or placemat (extend length for a table runner)

### VIDEO TUTORIALS:

Be advised that even if you choose to make your petals from a solid color you should choose to add 2-3 variations of that color so that your flower will have dimension. Basics instructions for each step are provided in our videos available on our YouTube Channel and on our website.

- **Part One** - Fabric auditioning your scraps
- **Part Two** - Using Terial Magic spray stabilizer and why. Tips on cutting with our templates and using an applique pressing mat with fusibles.
- **Part Three** - Stitching around your petals, machine quilting, and tips for creating your perfect gift.
