WORKSHOP LIST

MATERIALS NEEDED:

General Sewing Supplies

- sewing machine, rotary cutter and mat, needles, scissors, pins, basic piecing thread and anything else you may need for general sewing.

Rulers:

- Patterns can be made from a variety of rulers #96 Omnigrad Triangle ruler (90 degree x 45 degree angle), a standard Square Ruler 9 1/2-inches or larger, a 60 degree equilateral triangle ruler, or a diamond ruler. If you do not have the triangle you DO NOT need to purchase it for this class. Having them will increase your quilt options and ease of cutting depending on your choice. You may bring your own shaped ruler not list above if you would like and I will show you how to plan a quilt with it.

Scraps:

- All patterns use basic strip piecing methods. You should bring scrap STRIPS. Strips should be at least 10-inches in length. They can be any width at all from 1-inch to 6-inches wide. Projects work best with a variety of colors and tones and strips 18-inches long or more. It doesn't matter if your strips are uneven or wonky. If it's 2-inches at one end, 1-inch in the middle and 3 1/2-inches on the other end, the piece will do just fine. I will make scraps available from my stash and you may use some of mine if you like or trade with friends and classmates, but I encourage you to use as many of your own as you can to reduce your stash. Please DO NOT spend gobs of time pressing fabrics and cutting pieces for this class. It isn't necessary.

Workshop:

- You will be able to choose any of the projects that you like so that you may find one that appeals to you. I will briefly explain methods and options at the beginning of class so that you will start your project off in the direction that is right for you. Then you will be set free to sew your masterpiece and have great fun. Chatter and laughter are strongly encouraged. I look forward to meeting you and inspiring and guiding you through your stash.

PROJECT CHOICES:

You may choose any project in either of the scrap books to work on in class or you may choose to go off in your own direction. The important part is that you pick the pattern and look that is right for you. If you are working on a planned project that requires a border print you MUST BRING THE FABRIC WITH YOU. You may purchase the books before the class on Saturday from me. If you would like to pick and plan ahead of time all the quilts and projects are pictured on my blog as well as photos from other workshops that I have taught. Blog address is: cabininthewoodsquilters.blogspot.com

The blog can also be accessed through my website. Go to cabininthewoodsquilters.com and click the blog button to see the creations and make decisions about your project.
